

# Getting involved in the campaign is very simple

## A SOLUTION TO PLASTIC BAGS

Diana with her reusable cotton bags

As a solution to the mountain of plastic bags Diana launched her own cotton shopping bags at the Lib Dems Harrogate Conference in 2007.

These reusable cotton bags have been such a success that the initial 500 have all been given out across the region and a second batch have been recently delivered.

The bags, produced by a company in Sheffield, come with Diana Wallis's website and email address printed on one side.

Diana: "By using these environmentally friendly reusable bags and reducing their use of plastic ones, people can make a conscious effort to try and minimise their impact on the planet."

We will provide on the day:

- The MEP and/or a member of the Euroteam
- A load of plastic carrier bags by way of samples of the problem
- Posters: *End the Bag Mountain & Tax the Bags*
- Diana Wallis MEP branded, reusable cotton bags

All you need to provide are some local party members. A suitable location and possibly a tressle-type table.

In addition we will provide a:

### CAMPAIGN PACK

including

1. Fact Sheet
2. Petition forms
3. Draft press release
4. Draft Council Motion
5. Focus boxes
